

profondità scavi / depth of excavation 50 cm.

The technical drawing illustrates a mechanical assembly, likely a pump or motor component, shown in two orthographic views: a top view (left) and a side view (right).

Top View (Left):

- Overall width: 126 mm.
- Overall height: 130 mm.
- Central shaft diameter: $\varnothing 32$.
- Shaft length: 70 mm.
- Distance from left end to first gear/pulley center: 56 mm.
- Distance between the two main gear/pulley centers: 42 mm.
- Distance from the second gear/pulley center to the right edge: 30 mm.
- Distance from the bottom edge to the center of the shaft: 41 mm.
- Distance from the bottom edge to the center of the shaft (indicated by a red dimension line): 133 mm.
- Internal dimensions for the housing and mounting brackets include 50 mm, 53 mm, and 141 mm.

Side View (Right):

- Overall width: 129 mm.
- Overall height: 130 mm.
- Thickness of the main housing body: 50 mm.
- Distance from the front face to the center of the shaft: 53 mm.
- Distance from the back face to the center of the shaft: 50 mm.
- Internal dimensions for the housing and mounting brackets include 50 mm, 53 mm, and 141 mm.
